# DIAGNOSTIC RESEARCH WORKSHOP

*From Design To Patient Diagnosis*

27 - 28 September 2016

**Hubungi !!!**

Fitriani

0838-7461-8726

021-316 1760

training@ceebm.org

## Topik Hari Pertama

- Introduction to diagnosis and diagnostic research: what, why, and how?
- Appraising diagnostic research
- Designing diagnostic research
- Developing diagnostic research protocols: Research question
- Measurement instrument in diagnostic research

## Topik Hari Kedua

- Sensitivity, specificity: which one we rely on?
- Developing prognostic research protocols: Methods
- Pitfalls in diagnostic research
- Data analysis in diagnostic research-1: 2 by 2 analysis, missing data analysis
- Data analysis in diagnostic research-2: Developing clinical prediction rules of prognosis
- Reporting of diagnostic research

**HARGA !**

**RP. 2.500.000,- !!!**

■ Lantai 2 Gedung H RSUPN Dr. Cipto Mangunkusumo. JL.Diponegoro 71, Jakarta
